This is a decision on the petition filed on April 25, 2005 under 37 C.F.R. § 1.102(d) requesting that the above identified application be granted special status and examined out of turn on the ground of actual infringement as set forth in MPEP § 708.02 II.

The petition is **GRANTED**.

MPEP § 708.02 II requires, besides a petition, petition fee and a copy of each of the references deemed most closely related to the subject matter encompassed by the claims (if such references are not already of record), a statement by the applicant, assignee, or an attorney/agent registered to practice before the Office alleging:

- (A) That there is an infringing device or product actually on the market or method in use;
- (B) That a rigid comparison of the alleged infringing device, product or method with the claims of the application has been made, and that in his or her opinion, some of the claims are unquestionably infringed; and
